                                         23
```

Page #1

Что еще нужно SPA?

Компоненты

html imports

```
rel="import"
    href="/page.html"
>
```

IE	Edge	Firefox	Chrome	Safari	Opera	
			4-29		10-16	
		2-31	² 30-34 [™]		⁴ 17-21	
		¹ 32-55 [▶]	35		22	
6-10	12-17	56-68	36-76	3.1 - 12.1	23-60	
11	18	69	77	13	62	
	76	70-71	78-80	13.1-TP		

• html imports + полифилы

- html imports + полифилы
- html templates

```
<template id="my-ID">
    <span>
        Moscow CSS
    </span>
</template>
```

	ΙE	Edge	Firefox	Chrome	Safari	Opera	
Ī					3.1-6		
					6.1		
		12		4-25	7	10-12.1	
		13-14	2-21	1 26-34	7.1-8	¹ 15-21	
	6-10	15-17	22-68	35-76	9-12.1	22-60	
	11	18	69	77	13	62	
		76	70-71	78-80	13.1-TP		

- html imports + полифилы
- html templates + полифилы

- html imports + полифилы
- html templates + полифилы
- подстановка при сборке

gulp + gulp-file-include

```
const { task, src, dest, watch } = require('gulp');
        const fileinclude = require('gulp-file-include');
        const rename = require('gulp-rename');
      const build = async function () {
            return src('./src/app.html')
                 .pipe(fileinclude( opts: {
                     prefix: '@@',
                    basepath: './src/components/'
                }))
10
                .pipe(rename([obj:]'index.html'))
                .pipe(dest('./'));
12
      ሷ} _
        task('default', build);
15
16
      Distask('watch', function(){
18
            watch('./src/**/*', build);
      ☆});
19
20
```

- html imports + полифилы
- html templates + полифилы
- подстановка при сборке
- content: 'Moscow CSS'

Выводы

• html и css – просто инструменты

- html и css просто инструменты
- js просто инструмент

- html и css просто инструменты
- js просто инструмент
- используйте подходящий инструмент

- html и css просто инструменты
- js просто инструмент
- используйте подходящий инструмент
- и еще кое-что...

... Ha css все же можно сделать SPA приложение

Спасибо за внимание!
